

NEWS FROM COUNCIL BLUFFS.

Office, 12 Pearl Street.—H. W. Tilton, Manager and Lessee.

MINOR MENTION.

Albert O. Jackson and Mary A. McLeod, both of Omaha, were married by Justice Cook yesterday.

Andrew Priest was arrested yesterday afternoon charged with committing an assault and battery on a 10-year-old boy.

The sale of seats for the opera of "Pohanian" will begin Wednesday morning at 9 o'clock. Holders of tickets can exchange them for reserved seats.

Billy Hough, who assaulted a colored man named Dave Grady Saturday night, pleaded guilty yesterday morning to the charge of drunkenness and assault on the person.

Henry Owen celebrated his sixtieth birthday last evening at his home at the corner of Willow avenue and Fourth street. Quite a number of his friends were invited to have a social time.

Regular communication of Bluff City Lodge No. 71, Ancient Free and Accepted Masons, this evening, and work in the second degree. Master Masons are invited to attend. J. B. Atkins, secretary.

Mrs. Trimble, a returned missionary, and Mrs. Byrket, a prominent worker, will address the children at 4:30 o'clock this afternoon at Trinity Methodist Episcopal church. Closing service of the convention at 7:30 p. m. A cordial welcome to every one.

A. Fisher, Harry Thompson and Julius Dougherty all were charged with disturbing worship at the Salvation army barracks, will have a hearing in Justice Cook's court this morning at 9 o'clock. They are out on \$500 bonds.

Jacob Sage, who is accused of having used a razor on Frank Johnson, was arrested yesterday on a warrant charging him with assault with intent to commit bodily injury. He gave a bond of \$300 for his appearance Friday, when Justice Cook will hear the evidence.

Charles Carthy got drunk last evening and ran up against another man at the corner of Eighth street and Broadway, who made a slighting remark about Carthy's mother. Carthy proceeded to put his hands on the other fellow. He was arrested and charged with drunkenness and using obscene language on the street.

H. W. Witter has favored the Bee with a section of the stockade of the Andersonville prison pen. The stockade is now about rotted away and this piece was preserved by digging several feet down at the east side of the stockade, that which was near the surface being too crumbly to be kept intact.

Harry Brookman is wanted for beating a board bill at Max Oleson's hotel, the Chicago. The bill amounts to \$4.90. Brookman was convicted of bootlegging at the term of federal court just closed, and his sentence was suspended during good behavior. The question now agitating the local authorities is whether Judge Westcott will think proper to board bill consistent with good behavior.

Tonight at Dohany's will be presented Lincoln J. Carter's "The Defaulter," the latest production of the author of "The East Mail" and "The Turned." Manager Altou is certainly securing good enough attractions to cause his house to be packed, and if the public would only be dignified and give management its entire support, Council Bluffs would soon remedy its reputation as a poor show town.

The city authorities are looking for a man who bought a tin funnel from a store keeper named Potter a few days ago. It is supposed that he can throw some light on the burglary case in which George Brown and his partner Snyder, the pawnbroker, says that Selly Hough borrowed a pitcher from him on the afternoon that the burglary was committed. Heller's case has had another continuance until this morning.

Farm loans made in western Iowa at low rates. No delay in closing loans. First and second mortgages written in best of companies. Returns in real estate. LOUGHEE & TOWLE, 235 Pearl St.

That history not only repeats, but improves upon itself, the production of "Pohanian" abundantly proves. If the shrewd Captain John Dohany had not changed places with our modern John and be rescued by the Indian maidens who will appear at the New Dohany on the 18th and 19th, we feel sure he was not worthy of the exertions of the dusky Pocahontas.

Nearest line of overcoats in town. Metcalf Bros.

The Hardman piano improves with use. PERSONAL PARAGRAPHS. F. A. Turner of Avoca was in the city yesterday.

Mrs. R. S. Rawlins has returned from a visit in Plattsmouth, Neb. W. F. Lyon of Lead, S. D., is in the city visiting his relatives and friends.

Mrs. Judge Reed has gone to Malvern to attend the funeral of her late husband. Miss Lena Wallace has returned from a visit in St. Louis and Terre Haute, Ind. T. E. Casady, assistant United States district attorney, has gone to Des Moines to attend federal court.

Mrs. Patsy Fallon returned to her home in Chicago yesterday after a visit with her mother, Mrs. A. J. Royer, on North First street. George F. Smith, James F. Spare and wife, C. E. Tucker and wife, Mrs. L. B. Matthews, Mrs. M. L. Kirkland and Mrs. William A. Myerster left yesterday for Marshalltown to attend the grand encampment of the Iowa 34th Fellows.

We have sold 3,000 barrel sash in Iowa and Nebraska and never had a break. We have ready for immediate delivery 1,000 more at bedrock prices. Write for prices on all kinds glazed sash, glass, panes, oils, etc., stating quantity desired. Council Bluffs Paint & Oil Co.

Radiant, Novelty and Elmhurst stoves for hard coal are the most economical stoves made. Sold only by Charles Swaine, 740 Broadway.

Corner lobbies and parlor suites in curly birch and mahogany at Durfee Furniture Co. The Hardman piano wins many friends.

The following marriage licenses were issued by the court clerk: Name and Address. Age. Patrick C. Caldwell, Chicago, Ill., 33. Anna L. Farrell, Chicago, Ill., 28. Joseph Spaulding, Jr., Council Bluffs, 28. Nettie M. Daniels, Winterset, Ia., 18. William Kahl, Mills county, Ia., 23. Lena Rohrbach, Ottumwa, Iowa, 23. Henry Ramm, Douglas county, Neb., 32. Rosa Lorenzen, Pottawattomie county, Ia., 30. Matthew D. Gallagher, Council Bluffs, 28. Magdalene G. Thell, Council Bluffs, 22.

Nothing like it. The famous Crown piano with orchestral attachment leads them all. Bortolucci Music House, 116 Stutsman street. Nearest line of overcoats in town. Metcalf Bros.

Hardman and Standard pianos, 113 N. 16th. May Be Cripped. The friends of Mrs. R. M. Osborne, who left Council Bluffs for Chicago a few months ago, will regret to learn that she suffered a severe fall from a cable car in Chicago last June. She sustained a bad injury to her spine, which has confined her to her bed and may cripple her for life.

Harvest Excursion. Via Burlington route, Oct. 8 and 22. Ticket Agent, Council Bluffs. Why don't you use a gas heater these cool days? C. B. Gas Co. The Standard piano next to the Hardman.

Dismissed Just in Time. The case of Charles S. Burr disappeared from view in the district court yesterday. Saturday afternoon a motion was made by the defense to take it from the jury on the ground that the evidence was insufficient and that the plaintiff being a trespasser the defendant had a right to refuse to answer the premises. The court decided against the defendant on the latter ground, but held that the plaintiff had failed to connect Burr with the attempted evasion. Just as Judge Macy was about to instruct the jury to bring in a verdict for the defense Mrs. Cadie's attorney requested permission to discontinue the case without prejudice. It was granted on condition that the costs be paid. Another suit involving the same points may be commenced later.

Emarine's Case Serious. John Emarine, who was recently shot by his brother-in-law, Perry Emare, is in a very serious condition. He is suffering from inflammation of the veins, which has resulted in suppuration and may make amputation of the member necessary. It is possible that it may result fatally. It cannot be told for a day or two yet whether amputation will be necessary.

WHAT HIS INNOCENCE COST HIM.

Senator Clatus He Was Hounded Out of \$200 by Old Man Pomeroy.

H. W. Pomeroy is being tried in the district court on the charge of obtaining \$200 from Robert A. Seator by means of false promises. Pomeroy has secured a small local notoriety by reason of his connection with the numerous frauds between Nora Murphy and the other residents of the country south of Manawa. He and a lot of the others were arrested several times for trespassing on the ground of Mrs. Murphy, enjoined by the court from trespassing any more on the land.

After the writ of injunction had been issued he happened to run across young Seator, who was looking for a real estate investment. They met in a saloon at Albright and after a conversation Seator decided that the Manawa land was just what he wanted. Two hundred dollars was agreed upon as the price of Pomeroy's interest in forty acres, and a meeting was arranged at J. W. Sweet's law office in this city, where the transfer was to be made. Seator and Pomeroy went down and inspected the ground, measured it off with a tape line, and Pomeroy made up some sort of a description for the satisfied Seator perfectly as well as his father and two brothers, who were his business advisers, but local real estate men say, fails to locate the particular spot of land which he wanted.

There was not a sign of an abstract. When the party arrived at Sweet's office, Seator claims \$200 to him he knew the land he was buying was not what he wanted. He had all right, and that Pomeroy had a good title to it. Sweet was Pomeroy's attorney in the case, and a short time before Pomeroy had been enjoined by the district court from interfering with Mrs. Murphy's peaceful possession of the land. Young Seator claimed to have a perfect title in the point upon which the present criminal prosecution hinges, and all events Sweet drew up a quit claim deed. Seator paid Pomeroy the \$200 and went to take possession of his land.

He had not more than commenced the erection of a shanty before he was served with an injunction sued out by Mrs. Murphy to prohibit him from erecting a building on the land he had bought, as he claims, he swore out an information and had Pomeroy arrested. The same innocence which characterized him during the real estate transaction was applied when he went upon the witness stand. After he had told his story County Attorney Saunders, with a view to fixing the locality where the money changed hands, as required by law, asked him where Sweet's office was.

"In Council Bluffs," was the reply. "In what state?" A shadow of perplexity passed over his face for a moment, and then he looked up, Seator said cheerfully, "In the United States."

Several more questions and sundry suggestions on the part of the county attorney were required before Seator was finally made to understand that "Iowa" was the answer to the question to what county it was located in was a poser. Seator thought about it for a long time, but finally had to give it up as a bad job. County Attorney Myerster would not accept his story until he gave the father and the other two sons a lesson in geography before they are called upon.

Another Big Week in Framing. This will be another big week in framing. We can't sell enough of these new, stylish frames. Everybody wants them. H. L. Smith & Co.

Harvest Excursion. Via Burlington route, Oct. 8 and 22. Ticket Agent, Council Bluffs.

A plant thoroughly equipped with the newest machinery, the best work by skilled employes, prompt deliveries and fair treatment. Returns in real estate. LOUGHEE & TOWLE, 235 Pearl St.

N. M. Pusey Gives His Answer. Will Be in Favor of a Manufacturing Excursion. For several days the local democratic organ has been clamoring for a statement from N. M. Pusey, the republican nominee for the state senate, as to how he will act, if elected, with regard to the passage of a liquor law containing a "manufacturing clause," and also how he stands on the question of the resubmission of the prohibitory amendment.

He has made his answer in the form of a written letter. In it he states that he would refuse to be bound by the action of his party caucus, and would not even go into the caucus and vote. He is, however, considered himself bound by the wishes of his constituents.

"I would vote," said he, "to defeat the resubmission of the constitutional amendment, but I can't say whether the democrats would do so or not. And I would vote for a law which provided for the manufacture of intoxicating liquors, including ale, wine and beer, in those localities where the same are sold under the provisions of law. I do not know whether the democrats would do so or not, hence cannot say whether or not I would be voting with them."

"If favorable legislation on the liquor question and not democratic success is the thing nearest your heart it must be apparent to you that republican members from this county can have greater influence in shaping legislation in a republican legislature than a democrat who would be one of a lawless minority."

Nothing is finer, more comfortable and healthful than those beautiful new "Colorado slider down" comforters offered by the Council Bluffs Carpet company. They are light and feather and cheap. Another beautiful line of novelties in fur rugs will delight the ladies.

Huber Bros. new meat market is the finest in the city. Not Such a Bad Loss. The reports which were circulated Saturday night by the members of the racing committee of the Ganymed Wheel club relative to the financial outcome of the meet seem to have been colored with blue a little more than was warranted. Some bills that were supposed to have been outstanding turned out to have been paid, and the money collected in advance was considerably larger than was supposed at that time. The members of the committee now state that the loss will amount to only about \$125. The fact that the meet was a success is due to the fact that it was held on a hard board and beside their attention between a biting wind, a cloud of dust, and a bicycle race. The financial end of the concern fared greatly better this year than last, and had the weather been better the crowds would undoubtedly have been larger.

Emarine's Case Serious. John Emarine, who was recently shot by his brother-in-law, Perry Emare, is in a very serious condition. He is suffering from inflammation of the veins, which has resulted in suppuration and may make amputation of the member necessary. It is possible that it may result fatally. It cannot be told for a day or two yet whether amputation will be necessary.

Grave Robber Arrested. Des Moines. A flight to Europe. Des Moines, Oct. 14.—(Special Telegram).—Dr. John W. Overton was arrested in Madison, Wis., today for jumping a bail bond here in 1893 and for grave robbery. Overton 22 was a professor in Drake Medical college. When four students from the school he stole the body of William Chase from a grave in Woodlawn cemetery in this city and was caught taking it away in a carriage. His colleagues were tried and convicted and he jumped a bail bond, going first to Kentucky and then to Europe, returning from there recently. He was located in Madison through letters written by his attorney, who wanted leniency.

Wedding Party Creates a Scene. SIOUX CITY, Oct. 14.—(Special Telegram).—A Sioux City dressmaker created a scene at the union depot here this afternoon by appearing with a bill in her hand and a group of attendants. The bride, Mrs. C. O'Neill, a bride of an hour, for her trousseau, Mrs. O'Neill and her husband had just boarded the Omaha train for a wedding trip to the west. The bride's maid, Mrs. O'Neill, was unable to induce either of them to leave the car. A hot tongue lashing ensued, however, which finally aroused the bride's maid, who then began started to take his wife's part, but soon saw he was getting the worst of it and retreated to the smoking department, leaving his wife to look after her own interests. The bride would not make an arrest without a warrant and the train finally pulled out. O'Neill on the platform waving farewell to the bride and her maid.

Majority Favor Resubmission. DES MOINES, Oct. 14.—(Special Telegram).—It is stated on good authority that the republican campaign managers have made a poll of the preference of the candidates for the legislature with reference to the question of resubmitting the prohibition amendment, and that it proved that a majority of them are in favor of resubmission. The democrats and liberal republicans are opposed to resubmission, because it is feared that it would result in the adoption of constitutional prohibition and bring that issue back into the state's politics. The republican legislature of two years ago passed a resubmission resolution. Such a resolution must go through two successive legislatures before the question is taken up by the people. The result of the poll is a surprise.

Story of a Demented Woman. CEDAR RAPIDS, Ia., Oct. 14.—(Special Telegram).—The police here are investigating a strange case. A woman giving the name of Mrs. Rick and claiming to have just been released from the asylum at Virioux, Wis. She says her husband, who lives in Wisconsin and who wishes to be rid of her and have the custody of their two children, has had her sanity taken away by a doctor named Dr. Rick. She was released at Virioux the other day a ticket was purchased to this city and she was sent here, being almost penniless upon her arrival and among strangers. An investigation will be made.

Coal Miners Conclude to Strike. DES MOINES, Oct. 14.—(Special Telegram).—The miners of the Polk district today held a final meeting and ordered a strike unless all the mines in the district grant a uniform advance of 10 cents per ton by Wednesday, October 16. It is probable the raise will be denied.

The committee previously appointed to wait on the operators report that some are willing to grant the raise, but others are not. November 1, while others will give the raise as soon as the miners are able to fill the operators' cheap coal contracts.

General Drake Ill. DES MOINES, Oct. 14.—(Special Telegram).—General F. M. Drake is in the city, stopping at the Savary. He is completely worn out by the work of his canvass and today, by the advice of physicians, refused to see any callers. His throat is in bad condition and he talks with difficulty. He is very weak. Senator Allison was in the city this afternoon and spent a few minutes with General Drake. Unless the general improves at once, the success of his engagements will have to be cancelled.

Des Moines Fireman's Injuries Fatal. DES MOINES, Oct. 14.—(Special Telegram).—Patrick J. Morgan, a fireman of ten years' service on the city department, died today of injuries sustained by him six weeks ago in a fire in the Hansen wholesale drug store. Mrs. Mary R. Raymond, wife of N. B. Raymond, ex-clerk of the Iowa supreme court, and daughter of George F. Magoun, ex-president of Iowa college, died today. She was one of the best known literary women of the state.

Partial Census Returns From Iowa. DES MOINES, Oct. 14.—(Special Telegram).—The figures on population of five more counties were given by the census bureau today. They are as follows: Payette 18,900; Franklin 12,811; Fremont 16,842; Greene 17,176.

Denial of an Iowa Election. CHEROKEE, Ia., Oct. 14.—(Special Telegram).—Miss Edna Holly, aged 29 years, one of Cherokee county's most able school teachers, died at the home of her sister near Quincy of typhoid fever early yesterday morning. The funeral took place at the home at the home of her parents in Cedar township. The remains were interred in the Cedar cemetery.

DROWNED IN MELTED METAL.

Terrible Accident at One of the Large Pittsburg Steel Mills.

WORKMEN DROPPED A HUGE CONVERTER SIXTEEN TONS OF MOLTEN IRON OVERBOARD AT THE WORKS, BURNING A LARGE NUMBER OF THEM IN A HORRIBLE MANNER.

PITTSBURG, Pa., Oct. 13.—The converters at the Frankstown mill of Jones & Laughlin overturned at 3:40 o'clock this morning and sixteen tons of molten metal poured into the pit below, where a score or more men were at work. One man was fatally burned, three dangerously, and four others sustained serious injuries. The names are: SQUIRE WATSON, a welder, terribly burned about head and body, will die; John B. Burr, William Edwards, Charles Froehner, the iron moulder, and William C. Faulkner, Thomas W. Faulkner, Frank Korling, Samsy Korman, and John T. Korman.

The injured were removed to the hospital, where everything possible was done to alleviate their suffering. The physician says Watson will die and that the chances of recovery are against Burr, Edwards and Froehner.

The cause of the accident is painful, but not dangerous. The responsibility for the accident has not yet been placed, but it is said to have been unavoidable. The damage to the mill is estimated at \$100,000. The accident occurred while the men were in the act of raising converter No. 1, which contained over eight tons of molten iron. It is raised by compressed air power. Samuel Love and John Tunney were working at it, and before they got it raised the men working at converter No. 2 started to raise it also. The metal ran out of converter No. 1, and the men became so excited over the possibility of an explosion that they let go of the controls. From 200 pounds in weight she waited to seventy-five pounds. A most extraordinary circumstance in this connection is that the aluminous canal failed to operate. The cause of this is not known prior to death. Local physicians regard the case as one of the most extraordinary in the history of the mill.

Woman Dies of Starvation. CHERYENNE, Oct. 14.—Amelia Grover, who died at Larame yesterday of starvation, had had no nourishment for over two months except a glass of water. From 200 pounds in weight she waited to seventy-five pounds. A most extraordinary circumstance in this connection is that the aluminous canal failed to operate. The cause of this is not known prior to death. Local physicians regard the case as one of the most extraordinary in the history of the mill.

South Omaha News. The city council was called to order last evening by President Bulla, the mayor being absent. Chairman Walters of the committee on judiciary reported favorably on an ordinance requiring the South Omaha Electric Light company to erect and maintain arc lights at company to erect and maintain arc lights at fourth and D streets and Twenty-fourth and D streets. The report of the committee was adopted and the ordinance passed under a suspension of the rules on the south side of E street, from Twenty-third street to the alley between Twenty-seventh and Twenty-eighth streets. The city engineer, Missouri avenue petitioned the council to maintain an arc light at Thirtieth and Missouri avenues. Referred to the committee on public works.

A request from P. J. Kelly, asking for a reduction of special taxes, was read. Kelly has applied to the city for a license for his twenty-five feet in length by twelve feet wide. As it was evident that an error had been made, the matter was referred to the city auditor Harry Christie was instructed to check over the accounts of ex-Police Judge Fowler. When the old records last spring it was found that Judge Fowler owed the city \$416. A number of errors were found in the expert's figures.

The viaduct repair matter went over for one week as the contractor who was awarded the work has not put in an appearance. The city moved that printing bills of the Drovers Journal and the Tribune be referred to the committee of the week. Carried.

Mr. D. J. Brown put in a bill for \$25 for acting as city attorney during Doud's absence. The case Breen tried was the case of the city against Wallace, and was in connection with the alleged fraud of Wallace. Walters didn't think it right to pay a city attorney \$100 per month and then hire out a lawyer on a day's notice. It is thought that Judge Fowler owed the city \$416. A number of errors were found in the expert's figures.

It is in the Air. You can carry the little vial of Dr. Pierce's Pleasant Pellets right in the vest-pocket of your dress suit, and it will not make even a little lump. The "Pellets" are so small that 42 to 44 of them go in a vial scarcely more than an inch long, and as big round as a lead pencil.

They cure constipation. One "Pellet" is a laxative; two a mild cathartic. One taken after dinner will stimulate digestive action and palliate the effects of over-eating. They act with gentle efficiency on stomach, liver and bowels. They don't do the work themselves. They simply stimulate the natural action of the organs themselves. It is where they differ from all other pills. That is what makes them better than all other pills. You don't become a slave to their use as with other pills, because their help lasts. Once used, they are always in favor.

CAUTION.—Dr. Pierce's Pleasant Pellets—it is an easy name to remember. Don't let a cheap, druggist take your money and give you a worthless, unwholesome, and uncleanly "pills" as good. It makes you more money on the "just the same" kind of pills. They would not sell them. That's why you had better not take them.

For a free sample (4 to 7 doses) of "Pleasant Pellets," address "Woods' Dispensary Medical Association, Buffalo, N. Y."

UNCLE SAM'S ACTIVE VOLCANOES.

Twenty Craters on the Aleutian Chain Now in Active Eruption.

SAN FRANCISCO, Oct. 14.—The revenue cutter, Commodore Perry, has returned from the northern sea, where she has been confronted each night for weeks by a gigantic line of fire. As Captain Smith expresses it, "The devil's stokers have been stirring up the subterranean sea and flames that is supposed to lie thousands of feet under the Bering's bed, and as a consequence fully twenty of the great volcanoes in the Aleutian chain are now active."

The line of islands lying between Bering sea and the Pacific ocean probably the United States and on them are probably the only active volcanoes lying within United States territory. Much has been written of Boghoslova islands, which have been throwing up a cloud of steam at times for years, but it was supposed that all other peaks on this singular line of islands were extinct craters only.

Now, as far as the eyes can reach from any point in the Bering sea, adjacent or even at a distance from the famous seal islands, the rising smoke and steam of the craters, in both directions. The eruption is general and so very lively that at night the airy columns take on the reflections of the fires deep in the earth beneath the craters. Nowhere else on the globe can such a sight be witnessed.

In the day time only the white smoke or steam is visible. As dusk comes and darkness follows the wonder grows. The brighter columns show up in the cold Alaska night sky, and as it gets darker other vivid curls of smoke are to be seen at greater distances. Sometimes, when the position of the observer is advantageous, a dozen or fifteen of the modern pillars of fire are in sight. The show of subterranean forces here is the most noteworthy ever observed on American soil. As proof of the mighty power that is at work beneath the island, a neck of land has been forced up out of the sea between Boghoslova and Old Boghoslova and the two islands are now one. It is a queer looking land. One of the passes shown on the chart as connecting the Bering sea with the greater ocean to the southward has been filled up. The rocks in this neck are manifestly of volcanic origin, black and smooth in surface as if once melted.

Woman Dies of Starvation. CHERYENNE, Oct. 14.—Amelia Grover, who died at Larame yesterday of starvation, had had no nourishment for over two months except a glass of water. From 200 pounds in weight she waited to seventy-five pounds. A most extraordinary circumstance in this connection is that the aluminous canal failed to operate. The cause of this is not known prior to death. Local physicians regard the case as one of the most extraordinary in the history of the mill.

South Omaha News. The city council was called to order last evening by President Bulla, the mayor being absent. Chairman Walters of the committee on judiciary reported favorably on an ordinance requiring the South Omaha Electric Light company to erect and maintain arc lights at company to erect and maintain arc lights at fourth and D streets and Twenty-fourth and D streets. The report of the committee was adopted and the ordinance passed under a suspension of the rules on the south side of E street, from Twenty-third street to the alley between Twenty-seventh and Twenty-eighth streets. The city engineer, Missouri avenue petitioned the council to maintain an arc light at Thirtieth and Missouri avenues. Referred to the committee on public works.

A request from P. J. Kelly, asking for a reduction of special taxes, was read. Kelly has applied to the city for a license for his twenty-five feet in length by twelve feet wide. As it was evident that an error had been made, the matter was referred to the city auditor Harry Christie was instructed to check over the accounts of ex-Police Judge Fowler. When the old records last spring it was found that Judge Fowler owed the city \$416. A number of errors were found in the expert's figures.

The viaduct repair matter went over for one week as the contractor who was awarded the work has not put in an appearance. The city moved that printing bills of the Drovers Journal and the Tribune be referred to the committee of the week. Carried.

Mr. D. J. Brown put in a bill for \$25 for acting as city attorney during Doud's absence. The case Breen tried was the case of the city against Wallace, and was in connection with the alleged fraud of Wallace. Walters didn't think it right to pay a city attorney \$100 per month and then hire out a lawyer on a day's notice. It is thought that Judge Fowler owed the city \$416. A number of errors were found in the expert's figures.

It is in the Air. You can carry the little vial of Dr. Pierce's Pleasant Pellets right in the vest-pocket of your dress suit, and it will not make even a little lump. The "Pellets" are so small that 42 to 44 of them go in a vial scarcely more than an inch long, and as big round as a lead pencil.

They cure constipation. One "Pellet" is a laxative; two a mild cathartic. One taken after dinner will stimulate digestive action and palliate the effects of over-eating. They act with gentle efficiency on stomach, liver and bowels. They don't do the work themselves. They simply stimulate the natural action of the organs themselves. It is where they differ from all other pills. That is what makes them better than all other pills. You don't become a slave to their use as with other pills, because their help lasts. Once used, they are always in favor.

CAUTION.—Dr. Pierce's Pleasant Pellets—it is an easy name to remember. Don't let a cheap, druggist take your money and give you a worthless, unwholesome, and uncleanly "pills" as good. It makes you more money on the "just the same" kind of pills. They would not sell them. That's why you had better not take them.

For a free sample (4 to 7 doses) of "Pleasant Pellets," address "Woods' Dispensary Medical Association, Buffalo, N. Y."
